

Christmas Tree Disposal

If you have a real Christmas tree, you have two disposal options available to you.

Waste Management will pick-up the Christmas tree through January 31st. The following guidelines apply:

- Trees may be placed at the curb in one piece if the tree is less than 5 feet in length.
- Trees over 5 feet in length then the tree must be cut in half.
- Set the tree out on your usual pick-up day in the same area.

Christmas trees may also be disposed of outside of the Shorewood Police Department in the orange fenced area through January 18th.

Please remove all decorations, lights, etc. before disposing of any Christmas tree.
