IDOT Announces Road Closure for IL Rte. 59 & I-55 Interchange Work in Will County

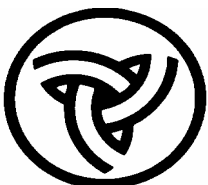

SHOREWOOD-The Illinois Department of Transportation (IDOT) announced today that beginning April 29, weather permitting, Seil Road between West I-55 Frontage Road and Sarver Road in Shorewood will be closed to thru traffic for roadway reconstruction for approximately 7 weeks.

A detour for the Seil Rd. closure will be posted. The detour utilizes River Rd., Jefferson St. (U.S. Rte. 52), IL Rte. 59 and the West I-55 Frontage Rd. Access to homes in the closure area along Seil Rd. will be maintained at all times during construction.

The road closure and detour are expected to be in place until mid-June, weather permitting.

The motoring public is advised to allow extra time for trips in this area and be alert for workers. This work is part of the \$88 Million widening and reconstruction of IL Rte. 59 and the interchange with I-55.
