WESTSIDE CHILDREN'S THERAPY WELCOMES NEW LOCATION
Shorewood, IL is now home to Westside Children's Therapy

SHOREWOOD, IL – Westside Children's Therapy, a full-service children's therapy clinic, is excited to announce the opening of its new location in Shorewood, IL. The new clinic, located at 850 Brook Forest Avenue in Shorewood, opened its doors on Monday, October 26, 2020.

This new location supports Westside's mission to broaden our influence on the lives of children and families in the community, furthering our reach from the 4,000 families we currently serve. The Shorewood location offers all the same amenities and services as the other ten locations in the Southwest Suburbs of Chicago.

Here at Westside, we have a team of dedicated and highly trained therapists offering the best in Physical, Occupational, Speech, Feeding, Autism Services, Applied Behavior Analysis (ABA), and child and family counseling. These make the Shorewood location a convenient multidisciplinary facility, allowing parents the opportunity to schedule several therapy services at one time, in one location.

Each location, including Shorewood, provides daytime, evening, and limited weekend appointment scheduling. They also offer children the opportunity to gain new skills through play, having jumping ledges, rock walls, slides, swings, ball pits, crash pads, and more. These amenities create a child-centered environment that our kids thrive in.

"We're excited to be offering these services to such a welcoming community," says Dave Lapsker, Vice President of Westside. "We've been serving these families for over a decade now, so it's nice to finally have a space in the town of Shorewood."

For more information about Westside Children's Therapy or its services, visit <https://westsidect.com> or call (815) 469-1500.

About Westside Children's Therapy

Westside Children's Therapy believes that the heart and soul of what it does is driven by an obsessive pursuit to ensure that this is not "*just another*" therapy provider. They offer an alternative to families that is above and beyond better. They don't only support parents or kids, they provide an environment where everyone feels like an extension of the Westside family. These distinctions in service along with the belief

in Integrity, Honesty, and Trustworthiness help to create the magic that is the [#WestsideWay](#). These qualities show in all the services provided by Westside Children's Therapy. **For more information please visit <https://westsidect.com/>, follow the company on [Facebook & Instagram](#) or call (815) 469-1500.**
