

Mailbox Regulations

According to United States Postal regulations, proper placement of a mailbox means positioning your mailbox 41"-45" from the road surface to the bottom of the mailbox or point of mail entry. Place your mailbox 6"-8" back from the curb. See illustration below.

Replacement of a mailbox damaged during snow removal, which was not properly installed and secured, is the responsibility of the homeowner.

For more information regarding mailbox regulations visit the US Post Office website at www.usps.com.
